Total Energy Response:

The reason why Jensen Lifestyle speakers sound better than any comparable speaker.

Just what is Total Energy Response?

Total Energy Response is the uniform radiation of sound throughout the whole listening area—at all frequencies. And it makes an unquestionable difference in the stereo sounds you hear.

Most speakers are to one degree or another directional. That is, part of the room in front of the speaker gets the full sound. Bass, treble and midrange. While parts of the room to the sides of the speaker get just a fragment of the sound. (See Fig. A)

It's precisely this fault we set out to correct. Because others may tell only part of the story. Often with just one response curve measured from just one position—their optimum position.

However their results don't look so favorable when the test microphone is

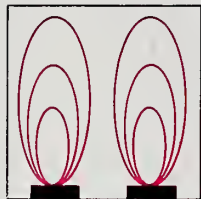

Figure A Ordinary Speaker Dispersion

moved "off-axis," that is, to the side instead of directly in front of these speakers.

Figure B illustrates this. It is a Total Energy Response curve, taken with test micro-

phones in all positions. When comparing the Jensen (blue line) with a comparably priced "flat" speaker (red line), you can see how deficient the other speaker is in total radiated energy in the mid and mid-high frequencies. This midrange deficiency is unfortunately very common amongst speakers, and gives many so-called "flat"

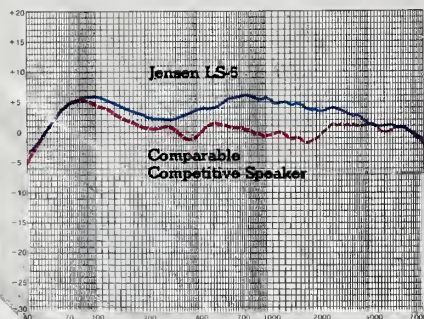

Figure B Total Energy Response Curve

response speakers a very "thin" sound.

The Jensen Lifestyle speaker, on the other hand, demonstrates true Total Energy Response. Uniform radiated

power—at all frequencies—throughout the whole room.

These speakers were conceived, designed and tested for this. Tested from every spot in anechoic "dead" rooms, reverberation "live" rooms, and simulated living rooms.

Our finished products: remarkable dispersion for the hard-to-disperse high frequencies... 160° or 170° wide, depending on the model. Also expanded dispersion of the critical midrange response. And full, rich bass that still perfectly matches the other frequencies for accurate sound reproduction. The way it's *supposed* to be heard.

You can see how the sound from a Jensen is distributed much more evenly throughout a room. And when you're in your own listening room... you can hear it.

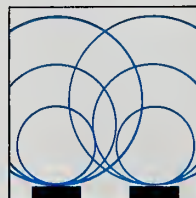

Figure C Jensen Lifestyle LS-5 Dispersion

What does all this mean to you?

1. It means that with Jensen Lifestyle speakers, you'll be able to hear all of the frequencies, all of the time, in almost any

part of the room. Not just the bass if you're to the side of the speakers. And not just the treble if you're in front of them.

2. Excellent stereo imaging. You hear everything that *both* speakers are putting out. Almost anywhere in the room. Unlike listeners of other speakers, who can fall victim to gaps in the response characteristics, or "hole-in-the-middle" stereo.

3. Excellent balance. Many other speakers are hot on treble, or bass, or both. But all that really means is that the midrange is often neglected. Jensen sends the all-important midrange throughout a room every bit as much as the highs and lows.

4. Total Energy Response is achieved in Jensen speakers without any loss of efficiency. Which means a moderate output amp or receiver is still all you need for great performance. Not a big super-amp.

What gives Jensen Total Energy Response?

A number of features. First, the extremely wide dispersion of the Lifestyle Tuned Isolation Chamber™ midranges.

Especially important are Jensen's two tweeters: a 160° dispersion cone direct radiator, and the 170° dispersion Mylar® Sonodome® tweeter. The sound input to each of these drivers is precisely monitored by Jensen's exclusive Comtrac® crossover network, which insures uniform energy transfer between the woofer, midrange, and tweeter.

For final command of the Jensen Lifestyle's sound, behind-the-grille controls are featured. These controls let you adjust the treble, and in some cases, the midrange, to the characteristics of your individual room.

And with Total Energy Response... there's more music to control.

Hear the difference yourself...

Stop by your local Jensen dealer and hear for yourself the difference Total Energy Response makes. It's the reason why Jensen Lifestyle speakers sound better than any comparable speaker.

DON'T SCREW IT UP WITH SOMEBODY ELSE'S SPEAKERS.

It pains us, to hear a Pioneer car stereo through anybody else's loudspeakers.

It pains us because we probably make more high-fidelity speakers than anyone else. Some two-dozen different varieties of car speakers alone.

TS-571

We know what goes into ours. And we know what goes into the other leading brand.

In Pioneer speakers, we use honest, one-piece ferrite magnets. We don't try to fake it with sandwiched magnets, because shortcuts like that increase flux leakage and reduce efficiency.

In Pioneer speakers, we use specially developed cone papers,

some with polyurethane-coated cloth edges for high linearity and high compliance. We don't take chances on lesser materials, with poor stability and heat resistance.

In Pioneer speakers, we use more-stable high-frequency cones. We take special precautions for weather and temperature resistance.

And now that you've read about us, hear us.

Ask your car stereo dealer to play the other leading speakers, then Pioneer.

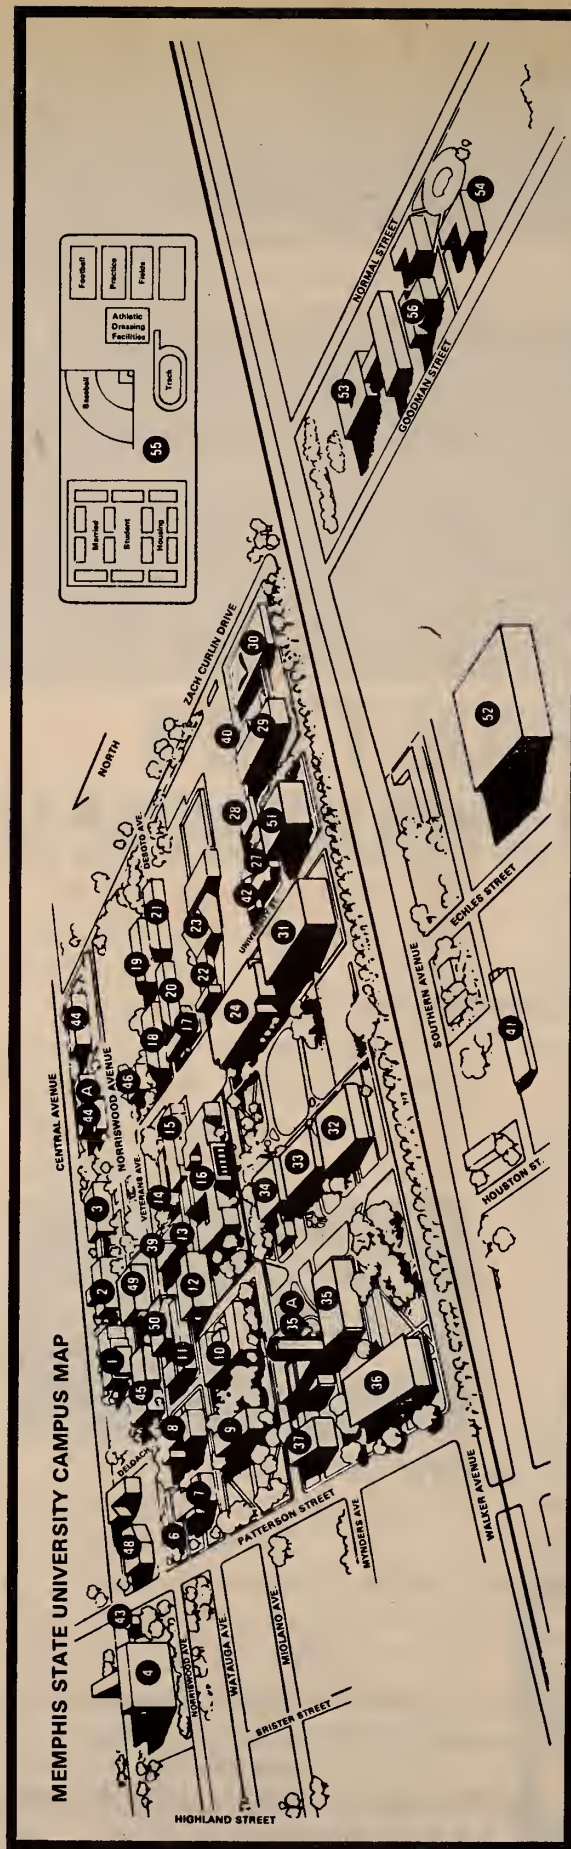

And, believe us, you won't need the ears of a Leonard Bernstein to hear the difference.

The only cheaper way to see Europe is to enlist

2 months, unlimited Second Class train travel, 15 countries, \$250.

Check it out. A Eurail Youthpass is a super deal: the best and cheapest way to see a lot of the Continent. Trains are fast, comfortable, frequent. And they speed you to the heart of cities.

Stations are like small towns with everything a traveler needs. You meet fellow backpackers (Europeans, too). You can sleep on board, couchettes are bargains. Your Eurail Youthpass even covers some ferry, steamer and motorcoach rides. Best of all, with the Pass you can stay loose, park where you like, move on at whim.

There's always another train you can catch.

To get a Eurail Youthpass you have to be under 26. Both Eurail Youthpass and Eurailpass are sold here through your Travel Agent. You can't buy them in Europe. If you've less than or more than two months, get a Eurailpass. Same idea but you ride First-Class. Available in two or three-week Passes, or one, two, or three-month Passes. If you're not about to enlist why not plan to see Europe with a Eurail Youthpass. No, you won't have to pass a physical.

ADMISSIONS PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after May 1, 1978 cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to May 1, 1978. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 165, Administration Building, or by telephoning 454-2393.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from the Records Office, Room 163, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students and must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation, which brings him an income, and persons sixty (60) years of age or older, who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to

AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons sixty-five (65) years of age or older, who are domiciled in Tennessee, may enroll for courses for credit at the cost of \$9 per semester hour, not to exceed \$75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

REGISTRATION PROCEDURES

Registration dates for the five summer terms of the Summer Session 1978 are found in the MSU Summer Calendar. Specific details of these registrations are as follows:

Pre-Summer Session: Registration for this term only will be on May 8. Students should report to the Field House for registration at the time they are assigned. Students are assigned registration times by student classification and should refer to the information card that is included in the packet of registration materials for these times. Registration materials will be mailed prior to the Pre-Summer Session registration and may be used for this term or any subsequent one. Although the "Registration Appointment Card" should be processed during registration, the time on this card should be ignored for Pre-Summer Session registration. Additional registration materials will be mailed to those who register for Pre-Summer Session courses so that subsequent registration may be possible.

First Summer and Extended Terms: Students must register on May 30 or May 31 for courses offered during the First and Extended Terms. Students may also register on these dates for courses offered during the Nine-Week and Second Summer Terms. The time on the "Registration Appointment Card" must be used for this registration. The specific dates for adding and dropping courses are in the MSU Summer Calendar. These dates must be observed in making course changes.

Nine-Week Summer Term: Students who have not previously enrolled for this term may do so on June 8 at a registration being held for those attending this term only. Students registered for the First Term do not register for the Nine-Week Term. They simply add courses with a "Change of Course" application.

Second Summer Term: Students who have not previously enrolled for Second Term courses may do so on July 10. Students are also permitted on this date to add and drop Second Term courses for which they have previously enrolled. A special "Add/Drop Appointment Card" will be sent to all students who have previously registered for courses. This time card will be sent to students prior to the Second Term registration.

NOTE: Students registered for the First Term do not register for the Second Term. They simply add courses with a "Change of Course" application.

IMPORTANT:

1. Read carefully all instructions found in your registration materials.
2. Registration on May 30 and 31 will insure class space in the course being taught in the Second and Nine-Week Summer Terms.

3. Students who do not register on May 30 or 31, but who wish to register for Second Summer or Nine-Week Term courses must report for these registrations at the times indicated on the card accompanying the registration materials. These times, assigned by classification, must be observed.
4. The usual \$3 add/drop charge will not be made on course changes processed on July 10 or on course changes for Nine-Week Term courses only on June 8. The charge will apply to adds/drops processed at any other time during the scheduled add/drop period. Students who fail to register during the regular registration periods may do so during the late registration periods. A charge of \$5 late registration fee is made on the first day of classes plus an additional charge of \$1 for each day thereafter.

The registration process is composed of the following steps, each of which is explained in detail:

- 1) Consulting with academic advisor
- 2) Obtaining registration materials
- 3) Securing class cards and paying fees
- 4) Changing enrollment status
 - a) Change-of-course procedures
 - b) Withdrawal procedures
 - c) Change of college, major, or adviser
 - d) Change of name or address

(1) CONSULTING WITH ACADEMIC ADVISER

To begin the registration process, all students must see their academic adviser to obtain the "Student Schedule" form and secure the adviser's approval of their course selections.

Current Students

Current students should consult with their academic adviser during the term preceding their next semester registration and receive the proper "Student Schedule" form. It is the responsibility of the student to arrange to see his adviser at the earliest possible time. This should be done prior to the semester registration period. The University is open Monday through Friday, 8:00 a.m. to 4:30 p.m., except during holidays.

Undergraduate students enrolled in Saturday and evening courses only may consult either an academic adviser and/or secure their student schedule form in Room 165, Administration Building, between the hours of 12:00 Noon - 8:00 p.m., Monday through Thursday, and 8:00 a.m. - 12:00 Noon, Saturday. However, during the registration period, hours will be the same as Packet Center hours.

New Students (Undergraduate)

Freshmen and transfer students registering for the first time should attend a new student orientation session at which information concerning the registration and advising process will be given. (See Semester calendar for date and time.) All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit. Students assigned to the Academic Counseling Unit should go to the Unit immediately after admission to the University and re-

quest the assignment of an adviser. If possible, this should be done prior to the new student orientation session. The Academic Counseling Unit is located in Scates Hall. Advisers will be assigned during the orientation session to students who have not seen an adviser.

New Students (Graduate)

New students in the Graduate School will be directed to an academic adviser following their admission to the Graduate School.

New Students (Evening)

New evening students should secure required registration and adviser information in the Evening Academic Services Office, Administration Building, Room 165, telephone 454-2393.

Readmitted Students

Students readmitted to the University who do not have an academic major will be assigned an adviser in the Academic Counseling Unit in Scates Hall. All other readmitted students should report to the department in which they plan to major and request an adviser.

Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit should go to the Academic Counseling Unit in Scates Hall. Evening students in these categories may go to the Evening Academic Services Office, Room 165, Administration Building for advising assistance.

(2) OBTAINING REGISTRATION MATERIALS

The second major step in the registration process is obtaining registration materials. Registration materials consist of four basic elements: (1) a personal data form entitled "Student Information Form," (2) a card entitled "Registration Appointment Card," (3) a form entitled "Registration Receipt," and (4) a permanent ID card. Registration materials may be obtained as follows:

Current Students

Registration materials will be mailed to the permanent address of all students currently enrolled, with the exception of those students having outstanding financial obligations at the time registration materials are prepared, those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office.

New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared will receive their materials by mail. Students not clearing in time to receive their materials by mail will be given a chance to obtain materials before the actual day of registration and will receive instructions on how to accomplish this.

(3) SECURING CLASS CARDS & PAYING FEES

Students having their "Student Schedule" form approved, their permanent ID card made, and their registration materials in hand are then prepared to enter the Registration Center to obtain class reservation cards and to pay fees. Important points to remember about this step in the registration process are:

Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." (See example.) Registration priority at Memphis State University is based on cumulative hours earned. See Statement of policy on registration priority. Students should enter the Registration Center at the appointment time indicated; however, the student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

Schedule conflicts — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course number, section, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

Summer School Course Load Limitations — The maximum number of hours for which a graduate student may enroll during the summer session is 12, exclusive of the pre-summer session. The maximum course load for the pre-summer session will be one 3 or 4 hour course.

Graduate Students Maximum Load During Summer Terms

Term	Maximum Hours

Special Courses

Credit/No-Credit Courses — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form, and secure adviser's signature, (2) go to department chairman's office in which course is taught and secure his approval, (3) obtain "Class Card Request" form from department chairman, (4) take completed permit form and "Class Card Request" form to the Registration Center at the appointed registration time.

Audit Courses — In order to register, the student must: (1) Obtain academic adviser's approval, (2) go to department in which course is taught and pick up "Class Card Request" form, (3) take "Class Card Request" form to the Registration Center at his appointed time.

A student auditing a course will receive "audit" on his/her transcript only if in the judgement of the instructor he/she has attended a sufficient number of classes to deserve the notation on the transcript. Faculty will base their decisions for awarding "audit" only on attendance as the student is not allowed by policy to participate in any other way.

Payment of Fees — Registration is not completed until fees are paid. Since there will be no deferment of fee payment, **students should not enter the Registration Center unless they are prepared to pay fees.** Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship and Authorized Billings" station in the Fee Payment Center.

Fees For The Summer Session Are:

Undergraduate

	Resident	Non-Resident
Per semester hour	\$20.00	\$59.00

Graduate & Law

	Resident	Non-Resident
Per semester hour	\$23.00	\$62.00

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should read that section for fee information.

Late Fees

Students who fail to register during the regular registration period may register beginning on the first day of classes. These students will be charged a \$5 late registration fee on the first day of classes and an additional \$1 each day thereafter. Special late registrations are held at some off-campus locations.

Parking Fees

A decal is required for main campus parking. The decal costs \$2, which is payable at the time of registration. A student must have a validated ID card prior to purchasing a decal.

Refund of Fees

If a degree credit student withdraws from the University within three days after the beginning of classes for the First Term, a refund is made of 80% of his fees. Each three school days

thereafter the amount of refund will be reduced by 20%. If a student withdraws from Second Term or Nine-Week Term courses any time before Second or Nine-Week Term classes begin, a full refund of fees applicable to the term will be made. This refund will be reduced to 80% if the student withdraws within three days after the beginning of classes for the Second Term and will be reduced an additional 20% each three days thereafter. Withdrawals or drops from Extended and Nine-Week Term courses will be refunded on the basis of a 20% reduction each three days. For more detailed information, see the Undergraduate *Bulletin*. Refunds for the Pre-Summer Session will be reduced 20% each calendar day of classes during the pre-session, commencing with 80% of fees on the first day, 60% on the second day, etc.

(4) CHANGING ENROLLMENT STATUS

Once the student has completed his initial enrollment, he may find it necessary to change his status.

Change of Course

After a student's registration is complete, he may, within specified time limits, change his class schedule through the process of adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the semester Calendar. A fee of \$3 will be assessed for each course which is added or dropped. No change of course is processed until the fee has been paid. There is no charge for a change made as a result of the University cancelling a course.

Students who wish to discontinue attending and who are enrolled in one course only must withdraw, not drop the course.

Withdrawal Procedures

Students may withdraw from the University by notifying the appropriate University official in person. ID's must be turned in to be invalidated.

- (1) Undergraduate Students — Notify the Center for Student Development, Room 120, Scates Hall
- (2) Evening/Saturday Students — Notify the Dean, Evening Academic Services, Room 165, Administration Building
- (3) Graduate Students — Notify the Dean of the Graduate School, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

IMPORTANT: A student who enrolls for any of the terms of the Summer Session and who later decides not to attend, must withdraw from each term. Withdrawal is not automatic, and failure to withdraw under these circumstances will result in grades of "F" being awarded.

Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

- Arts & Sciences
Dean's Office — MI 219
- Business Administration
College Adviser — BB 426
- Communication & Fine Arts
Dean's Office — AD 317
- Education
College Adviser — ED 211

Engineering
College Adviser — EN 259
University College
Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean, Administration Building, Room 315.

Change of Adviser

Students may change adviser by making application to the college in which they are currently enrolled. After being assigned an adviser, the student should come immediately to the Records Office.

Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration materials. However, in order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who change their address should leave a forwarding address with the post office so that all University mail will reach them at their new address.

IMPORTANT: All changes should be made early in the semester to insure their processing before the next semester.

GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned will be mailed to each student at the end of the semester. Also shown on the grade report will be cumulative hours attempted, hours earned, and grade point average. The report will be mailed to the permanent address.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.

WITHHOLDING OF GRADE REPORTS

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center, May 26-31, June 8, and July 7-10; in the late Registration Center, June 1-5, June 12-14, and July 11-13; and in the Records Office June 15-July 6 and after July 13.

COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
5000-5999	Courses offered in the Graduate School open to seniors within 36 semester hours of graduation
6000-9000	Courses open ONLY to those students fully admitted to the Graduate School

IMPORTANT: The section numbers of courses offered during the Summer Session denote the term in which the course will be taught as well as distinguish between different sections of the same course. All courses taught during the Pre-Summer Session may be identified by section numbers beginning with "0," First Summer Term sections of courses begin with "1," Second Summer Term sections begin with "2," sections taught during the Extended Summer Term begin with "3," and Nine-Week Term sections begin with "4."

ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University Bulletin.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 165, Administration Building, between the hours of 12:00 Noon - 8:00 p.m. Monday through Thursday, and 8:00 a.m. - 12:00 Noon on Saturdays.

REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are generally based on the number of cumulative hours earned. This policy is based on the rationale that those students closest to the degree have the most critical need for choice of courses. No other criterion of assignment seems to be as equitable and as easily administered.

Registration materials must be prepared before the end of the term that immediately precedes registration. Therefore, the appointment times do not reflect hours earned during this term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

The majority of University students hold jobs either on or off campus. Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists, therefore, to administer a priority system on the criterion of a student having to work.

Although the University is desirous of assisting transient students in obtaining the best possible program, a first obligation is recognized to native students continuing their program. Unclassified students will, therefore, be awarded registration appointments on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

MESSAGE FOR VETERANS

Eligible veterans may take credit courses as full, three-quarter, or half-time students and receive monthly G.I. educational benefits. Contact the MSU Office of Veterans' Affairs, 454-2996, 108 Jones Hall, for further information.

FINAL EXAMINATIONS

During the Summer Session, final examinations are given on the day indicated in the calendar at the regularly scheduled meeting of the class. Each examination is ninety minutes in length and attendance is compulsory. Absence from a final examination without permission of the instructor incurs a grade of "F."

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

New students will be given information concerning ID cards in their information sessions. Current students who have lost their card may obtain a replacement from the Dean of Students' office, Room 208, Scates Hall, by paying the replacement fee of \$10.00. Students unable to obtain an ID card at off-campus or special registrations must go to the Records Office to have one made.

NOTE: ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for full-time, consult the table for full-time classification in the Memphis State University *Bulletin*.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as a half-time load.

STUDENT INFORMATION SYSTEM

The Student Information System is a series of pre-recorded tapes with each containing information on a given subject about which questions are frequently asked by students.

Instructions for using SIS — Dial 454-2037 or 454-2038 and ask the operator for the number of the subject you desire information on.

Hours of Operation : Sunday - Thursday — 8:00 a.m. to 10:00 p.m.

Friday and Saturday — 8:00 a.m. to 12:00 Noon

PRIVACY RIGHTS OF PARENTS & STUDENTS

ANNUAL NOTICE TO STUDENTS

Annually, Memphis State University informs students of the Family Educational Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy can be found in the following offices: Associate Dean of Admissions and Records (Records); Dean of Admissions and Records; University Counsel. The offices mentioned also maintain a Directory of Records which lists all education records maintained on students by this institution.

Questions concerning the Family Education Rights and Privacy Act may be referred to the office of the Associate Dean of Admissions and Records (Records).

STATE BOARD OF REGENTS MINIMUM DEGREE REQUIREMENTS

The following minimum degree requirements are applicable for all freshmen students entering Memphis State University for the first time beginning fall of 1977. These requirements supercede any requirements stated in the *Bulletin*. The student should contact his adviser to determine the specific manner in which these requirements are to be met for his particular degree.

English Composition

6 semester hours

Humanities

9 semester hours (including at least 3 semester hours in literature)

American History

6 semester hours

Natural/Physical Sciences/Mathematics

9 semester hours (including one year of science and at least one course in mathematics or Philosophy 1611)

Physical Education Activities

2 semester hours (to be taken as two separate courses)

Foreign Language

Students studying for a bachelor of arts degree shall be required to demonstrate proficiency in a foreign language equivalent to completion of two years of college level work.

MASTER OF BUSINESS ADMINISTRATION DEGREE REQUIREMENT CHANGE

MBA students should be aware that effective fall 1977, the requirements for the MBA degree were changed to read "At least 27 of the 33 hours required must be in courses designed for graduate students only (7000 level or above) exclusive of Alternate Core I Prerequisites."

ADDENDA TO 1977-78 CATALOG

The following courses were approved for inclusion in the offerings of the University after the 1977-78 Catalog issue of the University *Bulletin* had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University curriculum.

ANTHROPOLOGY 1300. Introduction to Archeology. (3)

Description of the archeological evidence for the development of human culture from its earliest beginnings to the rise of civilizations. Introduction to the principles and methods of archeology.

ANTHROPOLOGY 4111. Human Adaptations. (3)

Study of human populations and their variability; examination of the human adaptations in locomotion and manipulation, facial structure, the brain and language, and reproduction; comparisons to the anatomy, physiology, and behavior of other primates.

ANTHROPOLOGY 6382. Museum Operation. (3)

Same as Art 6382. Basic aspects of museum organization, management, exhibit planning and execution, and maintenance of collections and records.

BIOLOGY 4001-6001. General Toxicology. (4)

An introductory study of the harmful actions of chemicals on biological mechanisms. **PREREQUISITE:** Biology 2000 and Chemistry 3312, or consent of instructor. Three lectures, two laboratories per week.

BIOLOGY 4470-6470. Molecular Genetics. (4)

The structure, functions and replication of DNA, recombination, the colinearity of DNA with the genetic map, mutagenesis, gene transfer, plasmids, the code, protein synthesis, suppression, regulation of gene expression, genetic engineering are discussed in the course. The course is a basic one for students without formal training in molecular genetics. **PREREQUISITE:** Organic chemistry or consent of instructor. Two lectures, four laboratory hours per week.

BIOLOGY 7101-8101. Transmission Electron

Microscopy. (4)

Introduction to the transmission electron microscope, specimen preparation, and photographic techniques. One lecture, six laboratory hours per week.

BIOLOGY 7464-8464. Advanced Immunology. (4)

Lectures, discussions and laboratories concerning advanced topics and techniques in immunobiology and immunochemistry. Two lecture, four laboratory hours per week. **PREREQUISITES:** Biology 6444 and Chemistry 6511 or their equivalents.

BIOLOGY 7800-8800. Pathology of Invertebrates. (4)

A study of diseases of invertebrates to include causal biological agents and both physiological and histological pathology. Three lecture, two laboratory hours per week. **PREREQUISITE:** Biology 3500 or consent of the instructor.

CLASSICS 4791. Special Studies in Classics. (1-3)

Study of selected topics in classical literature and civilization. May be repeated for a maximum of 6 hours. **PREREQUISITE:** Permission of chairman and instructor.

DISTRIBUTIVE EDUCATION 4700-6700. Distributive

Education Study Tour. (1-3)

An opportunity to gain on-the-scene knowledge about specific areas of instruction within Distributive Education. **PREREQUISITE:** Permission of Instructor. May be repeated, however the student should consult with major adviser to determine the maximum credit which may be applied to a degree program.

ECONOMICS 7040. Economic Theory With Legal Applications. (3)

Introduction to the tools of economic analysis; property rights, contracts; crime and enforcement; market imperfections and market intervention; labor, unions and employment practices; information and decision theory. (Law students may enroll under the Law School course number listed in the Law School Bulletin.)

ENGLISH 0101 – Section 1.

Introduction to English. Concentration on aural-oral skills, with introduction to grammar and sentence structure. Two weekly audio-lingual laboratory sessions required. Admission by placement only.

ENGLISH 0102 – Section 2.

Intermediate Reading and Composition. Selected readings, a review of grammar, and introduction to the construction of paragraphs. Audio-lingual laboratory optional. Admission by placement only.

ENGLISH 0103 – Section 3.

Advanced Composition. Advanced readings, construction of essays, and study of mechanical writing skills. Audio-lingual laboratory optional.

ENGLISH 3100. Special Topics in Advanced English. (3)

The content of this course for the spring semester 1978 is the theory and practice of the art of biography from Plutarch's Romans and Boswell's Johnson to Strachey's Victorians and Erickson's psychobiographies. Emphasis is on the biographer's triple role as a creative writer, as psychological interpreter, and as historian, in his attempt to express the meanings of individual lives.

ENGLISH 7501. Studies in English Linguistics. (3)

The content of this course for the spring semester 1978 is a study of the origin and the nature of Dialectological variation in America and a consideration of selected problems and issues related to recent research in linguistics geography and social dialectology.

FINANCE, INSURANCE AND REAL ESTATE 7410.**Investment Theory and Portfolio Management. (3)**

Introductory graduate level course in the area of investments and portfolio management. Considers qualitative and quantitative risk and return characteristics of various investment opportunities, fundamental valuation models, timing techniques, efficient markets, speculation and hedging, and portfolio theory and practice. **PREREQUISITES:** FIR 7010 or equivalent.

GEOGRAPHY 4501. Map Design and Reproduction. (3)

The planning, construction, and reproduction of maps, which through symbolic language, present information about the earth's patterns in a most effective manner.

HOME ECONOMICS 6101. Nursery School Curriculum. (3)

Application of child development principles to program planning: infancy through four years of age. Two lecture, two laboratory hours per week.

HOME ECONOMICS 6502. Quantity Cookery and Purchasing. (3)

Practical problems in preparing and serving foods for large groups. Use of standardized recipes, calculation of food costs, and use of institution equipment. **PREREQUISITE:** HMEC 2202.

HOME ECONOMICS 6505. Tailoring. (3)

Selection and construction of tailored wool garments, using various tailoring techniques. **PREREQUISITES:** HMEC 1105 and 2205.

JOURNALISM 3121. Magazine Article Writing I. (3)
(formerly Journalism 3114. Feature and Article Writing.)

An introduction to free-lance techniques. Students will study the magazine market, generate and research ideas, and prepare queries and articles for submission.

JOURNALISM 3122. Magazine Article Writing II. (3)

Continuation of Magazine Article Writing I.

LIBRARY SERVICE 7991. Special Problems In Librarianship (1-3).

Independent investigation and report of a research problem or directed readings in a selected area of librarianship under the direction of a faculty member. May be repeated with a change in content for a total of four hours.

MARKETING 3630. Traffic Management. (3)

Detailed analysis of the freight traffic function within the firm's logistics system. Includes an examination of rate and classification systems, claim liability, shipping document procedures, carrier selection, and other aspects associated with organizing and operating a traffic department. **PREREQUISITE:** MKTG 3610 or permission of department chairman.

MATHEMATICS 1212. Trigonometry. (1-3) (Changed from College Algebra and Trigonometry)

JUSTIFICATION: The change in title is requested to better reflect the course content and to distinguish this course from the new course, MATH 1213, required by the College of Engineering.

MATHEMATICS 1213. College Algebra and Trigonometry. (3)

Exponents: radicals; quadratic functions; inequalities; relations and functions; inverse, exponential and logarithmic functions; solution of algebraic systems; Trigonometric functions; identities, equations and graphs; angle measurements; sum, difference, half-angle and double-angle formulas; solution of triangles; laws of sines and cosines.

MUSIC THEORY AND COMPOSITION 2101.**Theory of Jazz Improvisation. (3)**

A preliminary study of chord symbols, contemporary use of modes and other scalar material. Basic jazz improvisation literature. **PREREQUISITE:** MUTC 1005. **COREQUISITE:** MUAP 3103.

MUSIC EDUCATION 4206. Music for Exceptional Children. (3)

A review of the types of exceptional children and the implications for providing realistic musical activities in the classroom. Emphasis will be placed on the use of music as a tool in reaching non-musical goals such as language development, social adjustment, motor coordination, aural and visual perception. (Team taught with Special Education.) **PREREQUISITE:** SPER 2000 for music education majors; MUSE 3001 for special education majors; or permission of instructors.

APPLIED MUSIC 3103. Jazz Combo. (1)

UNIVERSITY COLLEGE 3500-3599.**Thematic Studies. (6-9)**

Interdisciplinary seminars to be organized about significant problems, themes, or ideas. Specific course description will appear each semester in the "Addenda" section of the Schedule of Classes.

UNIVERSITY 3500. Technology & Culture. (6)

This study will investigate the development of the American business culture during the last one hundred years. The study will examine the rise of and need for an instrumental theory of value within the context of a century of social and industrial change. Topics covered will be the interaction of culture and technology, the structure of work in America, and the functions of education in modern society. **PREREQUISITE:** Application or admission to the University College or permission of the Dean.

UNIVERSITY 3501. Thematic Studies. (6)**The Political Economy**

The main objective of the course is to integrate two disciplines — political science and economics — as a means of analyzing the relationship between the process of authoritative decision-making and the production and distribution of economic services. The basic areas of inquiry which will be examined are:

1. The manner in which political institutions seek to mediate the particular interest of economics institutions with the public interest which has become a fundamental function of all modern national states.
2. The ways by which economic institutions shape public policy.
3. The economic basis of local, national, and international political conflicts.
4. The relationship of economic institutions to the development of political structures, with special attention to the political consequences of the multinational corporations.

PREREQUISITE: Application or admission to the University College or permission of the Dean.

UNIVERSITY 3502. Thematic Studies. (6)**Women in American Society**

This course will integrate the insights gained from literature and psychological and sociological research in order to gain an understanding of the position of women in today's society. Among the topics to be considered will be female physiology and sexuality, the nature of roles and stereotypes, women's use of certain literary genres, institutional settings as they affect women, and the feminist movement in America.

UNIVERSITY 3503. Thematic Studies. (6)**Language and Creativity: Words As Science, Words As Art**

Science is often feared as a destroyer of art, myth, poetry, and meaning. Instructors in this course propose to show that synthesis (words as art, myth, and meaning) is compatible with analysis (words as structures amenable to scientific description). Both science and art come from one human brain, and the process by which scientists discover order is remarkably similar to the process by which artists create ordered poems, paintings, and symphonies. The theme will be the unity-in-diversity of the creative process; the purpose will be to bridge the chasm between art and science, as it exists in the realm of language.

UNIVERSITY 3504. Thematic Studies. (6)**Classicism and Romanticism**

A comprehensive study of selected objects in the Classical and Romantic periods including historical and philosophic writings, visual arts, architecture, music, poetry, novels. Besides the reading, discussion, and writing of brief papers, visits will be made to museums and to archaeological sites in Greece and Italy. On his return, the student will write a term paper on a topic to be chosen in consultation with the instructors.

UNIVERSITY COLLEGE 4380. Independent Study. (1-3)

Directed individual study or research. A student who has identified an area of study pertinent to his coordinated study program, but not routinely taught, may pursue the study under the direction of a faculty member. This course may be repeated up to a maximum of 6 hours. **PREREQUISITE:** Admission to the University College.

UNIVERSITY HONORS PROGRAM 3100-3199.**Junior Honors Colloquium I. (3)**

Interdisciplinary colloquium centering around a broad theme or topic. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes.

UNIVERSITY HONORS PROGRAM 3100.**Science Fiction. (3)**

This colloquium will explore, through a broad selection of common readings and the services of guest lectures, some of the themes common in science fiction. Such topics as "Man's Love Affair With The Machine," "Utopias and Dystopias," and "Problems of First Contact with Alien Intelligence" are examined in detail. **PREREQUISITES:** Junior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 3200-3299.**Junior Honors Colloquium II. (3)**

Same as UNHP 3100, except a different theme or topic will be used. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes. **PREREQUISITES:** Junior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 3200.**Junior Honors Colloquium II, The Ascent of Man. (3)**

This colloquium is based on Jacob Bronowski's *The Ascent of Man*, a thirteen part film series which treats the history and growth of science in Western culture and relates science to the humanities and the arts. At each meeting, the class will discuss one film and collateral readings. **PREREQUISITE:** Junior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 4300.**Senior Honors Thesis. (3)**

In lieu of one of the above courses, the honors student may write a thesis on a topic approved by the University Honors Council, and directed by a faculty committee chosen by the student and approved by the Honors Council. **PREREQUISITES:** Senior standing and permission of the Director of the University Honors Program.

How Bob and Jennie saved a lot of money, their record collection and their relationship.

By reading Warehouse Sound's free 1978 stereo catalog, that's how. Bob liked folk-rock loud and deep, while Jennie liked country high and sweet. They couldn't find a stereo system within their budget that could do both. You know how silly some arguments sound when they start . . . Meanwhile, their old record player was slowly ruining their collection.

In the nick of time the new Warehouse Sound catalog arrived in the mail: 64 pages of information on over 100 brands of stereo components with suggestions for ear-pleasing complete systems at all price levels. They found a music system that could satisfy Bob's bass desires and Jennie's high frequencies for a lot less money than they expected to pay. So far, they've lived happily ever after.

We've helped more than 100,000 people like Bob and Jennie in the seven years since the bright idea hit us: ship stereo components direct to the customer's home and eliminate the middleman's profit. The catalog is free. Our guide to stereo buying, *The How To Hi-Fi Guide*, is a dollar and worth it. So give us a try: see how many things you can save.

The Precision Decision. We made it. Now it's your turn.

QL-7

JL-F50

We believe that precision is the most important factor in turntable design and performance. Which is why we've built such a high degree of precision into our advanced new line of turntables.

Take our new QL-7 Quartz-Locked and JL-F50 Fully Automatic direct-drive, shown. They're both unusually close when it comes to some important specs, but what will surprise you most is that they're also both in the same price range.

For instance, the JL-F50 checks in with 0.03% wow and flutter (WRMS), 70dB signal-to-noise ratio (DIN B). And it offers a host of convenience features as well, with most controls up front so you can operate them without lifting the dust cover. Its fully automatic operation gentles your favorite records, and lets you repeat them from one to six times, or infinitely. A built-in strobe makes speed adjustments easy and accurate.

The QL-7 is a tiger. All business, with the incredible accuracy only a Quartz-Locked machine can boast. The QL-7's wow and flutter measures only 0.025% (WRMS), S/N is more than 74dB (DIN B). It's totally manual, with strobe speed indicator.

The way we see it, you're left with a superb decision: our JL-F50 at less than \$260*, with all the convenience and performance most people could ever want, or our QL-7, the finest under \$300* turntable available today for the discriminating audiophile.

Either JVC you choose, you'll have made the right decision.

JVC

We build in what the others leave out.

What's it like to be an engineer at IBM?

Bill Kleinhofer

BS/Electrical Engineering '72
University of California, Santa Barbara
MS/Electrical Engineering '77
University of California, Santa Barbara

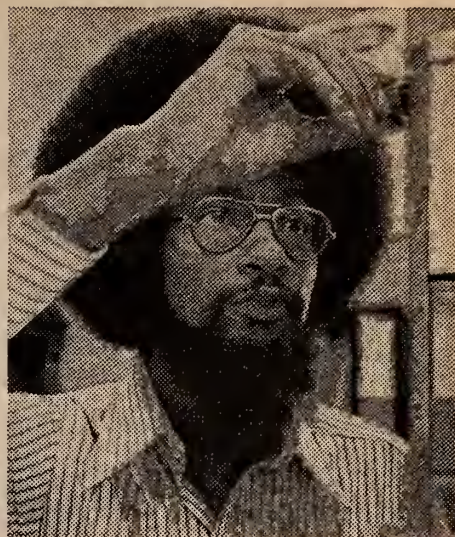

"The technical vitality here at IBM is attractive for young engineers looking for a future."

Evelyn Gratrix

BS/Electrical Engineering '74
University of Washington

"Career achievements are not determined by competition between individuals but by the capabilities and ambition of each individual."

Doug Brooms

MS/Mechanical Engineering '72
Stanford

"The atmosphere is relaxed and informal, quite distinct from the dark suit and tie image of IBM. The people as a whole are congenial and cooperative."

Ric Davis

BS/Mechanical Engineering '68
University of California, Davis
MBA '76, University of Santa Clara

"IBM has provided me with all that I've desired in an engineering career."

Homer Dean

BS/Mechanical Engineering '72
San Diego State

"IBM has elevated my responsibilities as fast as I was willing and able to accept them."

Tony Spear

BS/Electrical Engineering '77
Purdue University

"IBM encourages me to challenge the accepted ways."

If you could talk with some of the engineers who have joined us recently, you'd hear some good reasons for working at IBM. Our people are given responsibility for projects as soon as they can handle it and they have the freedom to carry their projects through to completion. There's a lot of room for personal growth and outstanding opportunity for advancement because we make a practice of promoting from within. If you'd like to know more about IBM, contact the placement office or write: C.F. Cammack, Corporate College Relations Manager, IBM Corporation, 400 Colony Square—Suite 1111, Atlanta, GA 30361.

If you're thinking about putting together a hi-fi system first take it apart in your mind.

The quality sound of high fidelity components will give you years of enjoyment—if you choose your system wisely in the beginning.

To help you choose wisely, the Institute of High Fidelity has published the *"Official Guide to High Fidelity."* Written in easy-to-understand language, the Guide's abundantly illustrated 176 pages will help you appreciate true high fidelity sound — and give you all the information you need to make an intelligent buying decision. EXTRA! Earn a handsome Certificate of Audio Achievement and ID Card entitling you to many valuable benefits, when you pass a test included in the book.

Just send \$2.00 check or money order to cover cost, postage and handling — and it's yours.

WE'VE BEEN AT IT LONGER... SO WE HAVE MORE TO SHOW FOR IT.

Hohner has been making fine musical instruments for over 120 years. So we've made more keyboards, guitars, harmonicas, recorders, amplifiers and musical accessories than just about

anyone else. And only the finest workmanship and materials go into each instrument we make. That's why when you buy a Hohner you'll have more to show for it too.

HOHNER. MORE THAN JUST THE WORLD'S BEST HARMONICAS.

Harmonicas, Melodicas, Accordions, Recorders, Amplifiers, Keyboards, Guitars, Banjos, Orff and Rhythm Instruments. Musical Instrument Accessories.

HOHNER

**Add a lot of music to your life.
In just a little bit of space.**

Sansui's GX-5 is functional and beautifully crafted too. Height adjustable clamps let you arrange your components most conveniently. You can move your sound system easily from place to place because the GX-5 stands on casters. And the 19" width lets you mount any standard rack mountable components.

Create your own special system by choosing from Sansui's full line of elegant black face units, AU amplifiers, SC cassette decks, SR turntables and TU tuners. Sansui also offers two complete lines of high quality loudspeakers and an exciting new mixer-with-reverb for complete creative recording control.

Be sure to visit your Sansui dealer today. Select the rack system that meets both your budget and listening needs; and add a lot of pleasure to your life.

The lighter side of flicking your **Bic**

"The worst part of this is—I may never flick my Bic again."

"What happened was, Jean Harlow was on an old movie and my husband lunged forward to flick his Bic for her."

"Say, wouldn't this leafy stuff go great with flicking your Bic?"

Space Voyager.

The new Bose 901[®] Series III is a loudspeaker system for the space age.

It reproduces music with a level of realism unrivaled by conventional speakers. Its performance is a result of proven Bose design concepts combined with a whole series of technological innova-

tions, including the futuristic Acoustic Matrix[™] enclosure pictured above, nine full-range drivers and an electronic active equalizer.

But most important, the 901 III is designed to explore the world of space in music that conventional earthbound speakers ignore.

Most speakers simply beam sound directly at the listener from a few woofers and tweeters mounted on the front surface of a wooden box. The 901 III, with its nine high-performance drivers mounted in the Acoustic Matrix enclosure, radiates sound forward, to the sides, off the back walls. The entire space is filled with sound—the sound experienced in a live concert hall.

Take your own voyage into space. Visit your nearest Bose dealer and listen to the 901 III and other Bose Direct/Reflecting[®] speakers.

Models 301, 501, 601 and 901 Series III.
Prices from a little over \$100.

Spatial Offer.

BOSE[®]
Better sound through research.

You won't believe the sound. You'll never believe the price.

Magnavox Modulares. They're packed with everything that goes into super stereo—except a high price tag. For example, the 1725 has:

- a solid-state stereo FM/AM tuner-amplifier to pull in those weak stations you'd like to listen to, and to keep them from drifting:

- a 3-speed automatic turntable with diamond stylus and smoked plastic dustcover:

- a built-in 8 track recorder/player;

- a pair of newly-designed 2-way tuned-vent speakers to give you rich, deep bass with astonishing efficiency:

- a price that's surprisingly low for such high performance.

Why not stop by your Magnavox dealer and tell him you'd like big sound at a small price. He'll know just what to show you.
